audi centre melbourne

location corner swanston & victoria street, melbourne

value \$3.9 million

status completed

The new Audi Centre Melbourne at the intersection of Swanston and Victoria Streets is an integrated facility for sales and servicing. Designed and developed working closely with Audi, it is a showcase of metal and glass and generates vitality and excitement in what was once an austere section of the city's CBD. The 12 metre high arc structure of steel, aluminium and glass, commands views from both busy thoroughfares and acts as a beacon at the northern gateway to the city.
